right-field bleachers and will be content to win glory with his own team in Jamestown, N. Y.

Donovan, however, let loose a first baseman in Hackett, who did excellent work in every respect.

The Cardinals, encouraged by Mitchell's favors, scored runs gradually and had visions of another victory and an escape from the last rung of the ladder. Three times during the performance. Captain Donovan's boys were holding down second and third, twice, with one out.

MITCHELL TO THE RESCUE.

Something went wrong with the machinery between "Brick Top" Dooin and Mitchell, and the crowd became anxious. Twice, however, Mitchell came to the rescue and fooled his opponents, and Jack Barry made the play of the afternoon, when he came across the field, on the full run, and by a jump that would do credit to a college hurdler, got his hands on a drive from Ryan's bat that looked good for three bases. This play saved two runs at least and likely the game. Kid Gleason, the "New" Philly, also cut off a run when he made a running stop and throw of a hot liner from Smoot's bat.

The Cardinals got their first run in the fourth. With one man gone, Farrell sent a fly to left field that Barry could only get his fingers on. Barclay was an easy out and Farrell took charge of second, from which point he scored when Hackett secured a single.

Singles by Barry, Wolverton and Gleason, a neat sacrifice by Keister, a scorching triple by Douglass and Hulswitt's out brought in four runs in the fourth.

HARD LUCK FOR CARDINALS.

One man was out in the sixth, when Far-

The former's good throw caught Williams and then Barry did the fighty-good throw caught Williams and then Barry did the fighty-good throw caught Williams and then Barry did the fighty-good throw caught Williams and then Barry did the playing-leap act in the seventh brought more trouble for Mitchell. With two out, Donovan got home on his own single, Burkie's base on balls and a pretty double by Farrell. Harclay could not see the ball and was out on strikes.

Wolverton and Douglass singles, a wild throw by Burke that was good for three bases on a bounder from Gleason's bat, tallied the Phillies' final runs in the eighth. There was another fright in the ninth. M. O'Neill stopped one of Mitchell's shoots with his ribs, went to second on a passad ball and scored when Donovan and Burke connected for singles.

Baseball Notes.

The Bostons will begin a series of three games with the Browns this afternoon. Jimmy Coilins's aggregation is the one that gave the locals the most trouble last year, and from the way they are going now should make the locals hustle all the way to beat them. With the Boston Americans are some of the heaviest hitters in the country, including Coilins, Stahi, Freeman, Dougherty and Stone. Their pitching department is airs one of the best in the American Leasure, and some good games should be furnished this week.

Yesterday afternoon R. L. Hedges, the Browns' genial secretary, announced the appointment of J. Sidney Mercer, a local baseball writer, to the position of assistant secretary of the St. Louis American League Club, Mercer has been connected with local newspapers for several years, and knows nearly every baseball player and magnate in the country.

THE ORIGIN, STAGES, DEATH DEALING COURSE AND ONLY CERTAIN CURE FOR

My Serum Toxin Specific Trentment for Blood Polson is the only remedy known to shoolntely cure the disease, removing every trace of polsonous taint and rebuilding the entire system from the damaging effects of Mercury and Potnsh blood, new bones and in perfect health.

I will deposit in bank \$10,000, to be forfeited in case of failure to cure any case of Blood Poison in three months, so that not a sign will ever reappear.

My charges are high compared with the prices of quacks and the many cheap offers advertised by "fakers," but I ren der services that are worth a thousand times what I charge for a cure.

Responsible people may pay me when satisfied that they are perfectly cured, which may be determined by scientific investigation; poor men having families, who have exhausted their means in treating with frauds, I will cure without charge.

ANTI-TOXIN SERUM, THE ONLY CURE, ITS USE AND INFALLIBLE RESULTS.

My method of curing blood poison is by Anti-Toxin Serum that I introduce into the blood by subcutaneous injection (hypodermic) and internally, and by its antagonism to the virus of blood poison the taint is ejected from the body, as well as the counteraction and removal of mercury and potash poisoning. My serum treatment reorganizes the corpuscles of the blood, disorganizes, neutralizes and expels all poison from the system through the same ducts that carry off all effete matter. The corpuscles are renewed with fresh, pure blood, which supplies the tissues that rebuild the entire human organism so that the whole body is restored to its normal size, strength and soundness. This treatment for blood poison was perfected by me, with the assistance of one of the most scientific mer of modern times, and was tested by experimentation and found to be absolutely infallible. I can offer no better evidence of the reliability that I claim for Anti-Toxin Serum than the many thousands I have cured, many of them bedfast, body a shield of blood-poison seres, loss of eyesight hair and eyehrows, or some vital organ, locomotor ataxia, and apparently doomed; and within three months after beginning my course of treatment they are entirely cured, robust and healthy, without a syniptom ever recurring at any time. The positive effects of Anti-Toxin Serum are noticeable immediately, as the hair resumes its growth, all manifestations of the disease disappear, the patient begins to increase in weight by the addition of sound, healthy flesh: the skin gets clear and rosy by being supplied by poisonless blood, and in ordinary cases in one month after commencing the victim feels that his burden of disease is lifted. My Anti-Toxin Serum is the only known remedy that will absolutely cure blood poison and rebuild the system from the damaging effects of mercury and potash. It drives the poison out of the bones, so that all aches and pains are no more. I invite all sufferers from b

Pugillat Held at Eighth District Station as a Result of Encounter. As a result of the disturbance in which he figured at the Unicum saloon Monday afternoon, "Cyclone" Kelley, the pugilist who once appeared against Mike Schreck at the West End Club, was arrested while the West End Club, was arrested while in a seat near the club ring last evening on a charge of disturbing the peace. He is now held at the Eighth District Station.

As was stated in yesterday's Republic, "Cyclone" and his manager, Bert Keller, became involved in an altercation while at the saloon. The pair happened to be standing near the lunch counter, and, their dispute waxing warm, they are charged with laying hands on the crockery ware to use as missiles.

The police invaded the saloon while the tumult was in progress, but Kelley and Keller made their escape, Kelley was noticed at the West End Club last evening and was promptly placed under arrest. Louis Pabst, proprietor of the bar, states that he will likely file a charge of malicious destruction of property against the prisoner.

#### HIGH BEAT BLEES IN ONE-SIDED BALL GAME.

oeal Nine Won From Military Academy by the Score of 11 to 2-Hader Made Two Three-Buggers.

In a game which proved somewhat disappointing on account of numerous errors by the Biees's players, High School won from the military academy team at Pastime Park yesterday by the score of 11 to 2. Though the Blees men started out strongly, errors by their outfield and numerous hits off their by their outsid and numerous hits off their battery soon gave High a commanding lead. Owing to the great struggle of the teams last week, when they played thirteen in-nings to a tied score, each team having one un to its credit at the close, a hot cont was expected. After the fourth inning, however, when five runs were scored by the High School, the local team had things the High School, the local team had things all its own way.

Ricker and Miltenberger served as battery for the High School, kicker pitching a fine game and giving no men bases on balls throughout the entire contest. Allen and Whitening was the battery for Elees. Whitening received poor support, his team making ten errors and having miszakes to their count, when there was no occasion therefor.

Bader was the star of the game when it came to batting. He scored two three-base hits, and was jolkowed by Ricker, who also made a three-bagger. Blees made but four hits and was followed by Ricker, who also made a three-basger. Blees made but four hits in the course of the game. The score by innings:

GUESTS OF MILLIE JAMES.

St. Louis Orphans Will See "The Little Princess." The inmates of five orphan homes of St.

Louis, 350 in all, are to be the guests of Miss Millie James at the special matines of "The Little Princess" at the Olympic Theater Friday afternoon.

day afternoon.

Therefore, there will be two children's parties at the Olympic, one in play life, that of "The Little Princess" and one in real life, that of the children who will occupy reserved seats in the parquet.

"The Little Princess" of the play is an orphan, and Miss James thought it would be a fine treat for the little orphans if they were allowed to see the stage interpretation.

be a fine treat for the little orphans if they were allowed to see the stage interpretation of Miss Frances Hodgson's pretty story of child-life.

A request to the management that the inmates of the orphans' homes be asked to attend the special matines was granted, and an invitation was extended to the Masonic, the Methodist, the Christian, the Baptist and the Episcopal orphans' homes.

These invitations were accepted, although the matter had to be first laid before the governing boards. Governing boards of orphans' homes are very particular with regard to the children, but the acceptance of the invitation of "The Little Princess" was unanimous, and the children, in the custody of the matrons and attendants of the various institutions, will be the guests of "The Little Princess".

Miss Rose Flynn and other prominent young women of St. Louis assisted Manager Walte of "The Little Princess" company in making arrangements for the attendance at the matinee of the little orphans and there promises to be an interesting scene in the playhouse.

"The Little Princess" promises a surprise for the children. The nature of the surprise is kept a secret.

HURRYING SEWER ORDINANCE. B. P. I. Considers Blackstone Bill

at Two Sessions. The Board of Public Improvements met twice yesterday in order to hurry the Blackstone joint district sewer ordinance, which has been held up owing to a clerical error in numbering the bill.

The error was discovered at the regular meeting, and as a matter of form all bids had to be rejected. The bill must now go through the regular course in both branches of the Assembly.
Ordinances were prepared for the reconstruction of Fairmount street from Clarendon to Union, for which the estimated cost is \$5,000, and one providing for the reconstruction of Ridge avenue from King's highway to Union at a cost of about \$55,000.

FOLLOWS AMERICA'S EXAMPLE England to Accept Boxer Indem-

nity on Silver Basis. Washington, May 12.-Great Britain has decided to accord China the same terms in the settlement of the Boxer indemnity as those accepted by the United States. The State Department has been informed that the English Charge at Pekin has signified the willingness of his Government to accept payment on a silver basis for a term of years, reserving under bond the right to receive payment of any deficiency that might exist, should it hereafter be decided that the payments should have been made on a gold basis. This very much strengthens the attitude of the United States.

# CHRONIC SORES

Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore. You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate.

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the mercest scratch or bruise results in obstinate

pair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character. Often an inherited taint breaks out in frightful eating sores upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and, while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs

heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over.

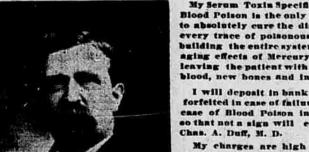

S. S. S. is both a blood purifier and tonic that puts your blood in order and at the same time tones up the system and builds up the general health. If you have a chronic sore write us and our physician will advise you without charge.
